Printing & set-up guide for My Magic Busy Book

WHAT YOU RECEIVED

Two complete 48-page PDFs – Magic_Busy_Book_US_Letter.pdf (8.5 × 11 in) and Magic_Busy_Book_A4.pdf (210 × 297 mm) – plus this guide. Both PDFs have the same content. Choose the one that matches your paper. This is a digital product: nothing will be posted to you.

1. PRINT AT ACTUAL SIZE

In the print dialog choose “Actual size” or “Scale 100%”. Turn OFF “Fit to page” / “Shrink oversized pages”. If pages are scaled, the cut-out cards may not fit the boxes on the boards. Print single-sided. Plain 80–100 gsm paper works; card stock (160–220 gsm) is sturdier for the cut-out sheets.

2. WHICH PAGES ARE WHICH

Pages 1–4: cover, name page, grown-up setup guide and Mission Map. Pages 5–40: 36 activity boards (6 worlds × 6 missions). Pages 41–45: five cut-out sheets. Page 46: grown-up reference & answer key. Page 47: certificate and reward stars. Page 48: back cover.

3. ASSEMBLE (ADULT JOB)

An adult cuts out the 97 cards on pages 41–45 along the solid lines – each card is 1.55 in (39 mm) square. Round off any sharp corners. 10 missions need no cutting at all – use a finger, a crayon or a dry-erase pen if laminated. Optional: laminate boards and cards, then add reusable adhesive putty or hook-and-loop dots to the dotted-circle spots.

4. ORGANISE THE PIECES

Each card shows a piece ID (e.g. RD1) and the page(s) it is used on. Keep each sheet's cards in its own labelled envelope or zip bag (Sheet 1–5). Some cards are shared: rainbow drops (RD), shapes (SH), animals (AN) and number cards (NU) are used on more than one page. The footer of every board lists the pieces it needs.

5. SAFETY & SUPERVISION

Not suitable for children under 3 years. Contains detachable paper pieces. An adult must prepare all pieces and supervise play at all times. Check pieces before each use; throw away torn, wet or chewed pieces. Never use pins, staples, magnets, beads or cords as fasteners. Store pieces out of reach after play. This is a printable learning activity, not a certified toy.

6. STORE & REUSE

Keep the printed pages flat in a folder or binder with the piece envelopes in a pocket. Laminated pages can be wiped clean. You may reprint pages and pieces as often as you like for use in your own household.
